Instructions

Authorization for exemption

Chapter 122 of the Laws of 2015 authorizes counties, towns, and school districts within the FEMA designated areas to offer a partial exemption from real property taxation for residential property reconstructed, altered, or improved on or after October 29, 2012, due to damage resulting from Superstorm Sandy. An eligible property must have received assessment relief under the Superstorm Sandy Assessment Relief Act of 2013. Ordinary maintenance and repairs do not qualify for exemption.

Eligible municipalities and school districts may limit the exemption to specific forms of reconstruction, alteration, or improvement as may be provided in their local law or resolution. Consult the assessor to ascertain if the exemption has been so limited.

Duration and computation of exemption

The amount of the exemption in the first year is 100% of the increase in the assessed value attributable to the eligible reconstruction, alteration, or improvement. The exemption amount then decreases by 12.5% in each of the next seven years. This declining percentage continues to be applied to the increase in assessed value determined in the first year of the exemption, unless a change in level of assessment for an assessment roll of 15% or more, is certified, in which case an adjustment is required.

Application for exemption

The exemption may apply to charges imposed upon real property by the County, Town, or school district.

Filing of exemption

Application for exemption from taxes must be filed with the local municipal assessor on or before March 1, **not** the Office of Real Property Tax Services.

Time of filing application

The application must be filed in the assessor's office on or before March 1 of the year in which exemption is sought. No applications for this exemption may be made after March 1, 2020.

Once the exemption has been granted, the exemption may continue for the authorized period provided that the eligibility requirements continue to be satisfied. It is not necessary to reapply for the exemption after the initial year in order for the exemption to continue.
